

## Don't buy - hire a GPS Unit.

- **Faster.**
- **Cheaper.**
- **Easier.**
- **Safer.**

Travelling extensively on Australian roads and need a navigator to optimise every aspect of your journey?

DriveSmart's TomTom units offer premium design, best performance and cutting-edge features, making your trip efficient, safe and comfortable. The included easy-to-use navigation software has made TomTom units the world's most popular navigator.

We bring TomTom's quality navigation to you at an attractive price, and has everything you need to make your trip safer, more relaxed and more fun!

Every TomTom works straight out of the box, with:

- ✓ The latest, most accurate Australia maps pre-loaded
- ✓ Automatic route re-calculation
- ✓ Anti-glare touchscreen
- ✓ High sensitivity GPS chipset
- ✓ Clear spoken instructions

Additionally, specific functionalities vary between the units, which are outlined overleaf:

	ONE	ONE XL	GO 720
<b>Screen size</b> (3.5" = 8.9cm, 4.3" = 10.9cm)	3.5"	4.3"	4.3"
<b>Extra-large Widescreen</b> High quality touchscreen for superior visibility		✓	✓
<b>"Plug n' go!" ease of use technology</b> Simply attach the unit to the windscreen holder, plug in the cigarette lighter and turn on the unit – that's it!	✓	✓	✓
<b>Address input via touchscreen</b> Enter the address of your destination using the onscreen keyboard	✓	✓	✓
<b>Address input via voice recognition</b> Enter your destination by simply announcing the address – no need to type the address onto the screen!			✓
<b>2007/2008 map of Australia</b> Uses the latest Sensis version 14 maps of Australia, covering 97% of the population, one million kilometres of roads and new features such as Victorian hook turns, school zones, speed values and more	✓	✓	✓
<b>TomTom MapShare Technology Support</b> Update your map as and when you spot road changes directly into your TomTom and get updates from millions of MapShare users worldwide (not yet supported in Australia)	✓	✓	✓
<b>Multilingual interface and voice support</b> Spoken instructions in 36 languages and the touchscreen interface contains 22 languages	✓	✓	✓
<b>Pre-installed red light and speed camera database</b> 4,000 speed and red light camera locations + warnings when approaching safety cameras and level crossings	✓	✓	✓
<b>"Help me!" menu</b> Direct access to numerous safety, road assistance and information options, such as the phone numbers and routes to the nearest police station or hospital		✓	✓
<b>Bluetooth PLUS services</b> Enjoy the advantages of TomTom's PLUS services via a Bluetooth connection - including traffic updates, weather, buddies and more		✓	✓
<b>SD card slot</b> Insert a (different) map on an SD memory card into your TomTom		✓	✓
<b>External GPS antenna support</b> Attach an external antenna (available from DriveSmart) to your TomTom to ensure a GPS signal even where the signal can be difficult to receive - for example in the mountains or in tunnels		✓	✓
<b>Text-to-speech functionality</b> Have your TomTom announce street and place names, your SMS messages and traffic messages announced by your device, so you can focus on the road ahead			✓
<b>Mobile handsfree calling</b> Let your GPS double as a handsfree car kit, so you can make & receive calls via Bluetooth on your touchscreen			✓
<b>Text message (SMS) support</b> Read and write text messages from your TomTom directly to your phone via Bluetooth			✓
<b>Built-in FM transmitter</b> Play your device's audio wireless through your car stereo including MP3 music, navigation instructions and handsfree calls			✓

	ONE	ONE XL	GO 720
<b>In-built MP3 player</b> Play your stored music and audiobooks on the built-in MP3 player through the high quality GO speaker or via your car stereo, and even manage your music using the ingenious TomTom Jukebox			✓
<b>Photo slideshow gallery support</b> Load, store and preview photos from your digital camera. So when you're not navigating, you can enjoy a slideshow of your favourite shots			✓
<b>Voice Recorder</b> Record your own personalised navigation instructions			✓
<b>Free online support</b> If you have any enquiries before, during or after your hire, we are available via email and online live chat support	✓	✓	✓
<b>Free telephone support</b> You are also welcome to call us on 1300 132 868 (cost of a local call) or +61 2 6112 8663	✓	✓	✓
<b>Free overnight courier delivery Australia-wide</b> We use Australia's premier express freight company Australian Air Express (AAE) to deliver your unit promptly and reliably. AAE has an exclusive arrangement with Qantas, and has access to over 500 flights daily as well as their own freighter aircraft, and can provide direct delivery to the Australia Post network	✓	✓	✓
<b>Free courier pickup from your premises</b> AAE can arrange to pick up your unit directly from you, your hotel or organisation. Alternatively, you can drop off your unit at one of AAE's national depots located at every major Australian airport	✓	✓	✓
<b>Refundable Deposit (\$AUD)</b> This refundable security deposit is returned to you upon DriveSmart receiving the unit back in good condition.	\$200	\$300	\$400
